

Lad Wani

A project to enable our Samaj for growth

The main goal of this project is to help us to improve our social, economical status and health to make a makeable presence in society

Current Status

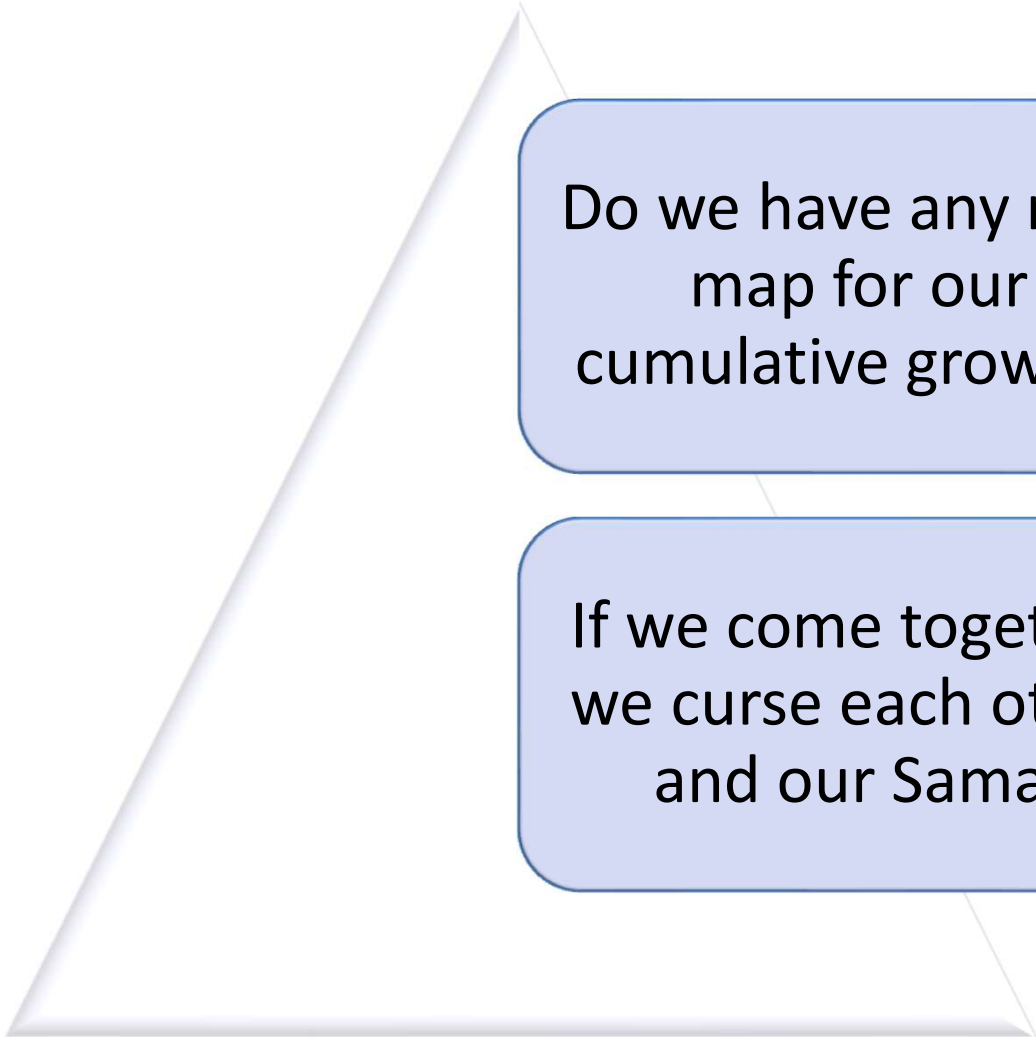

What is required

Benefits of this

How to do this?

How we will raise funds

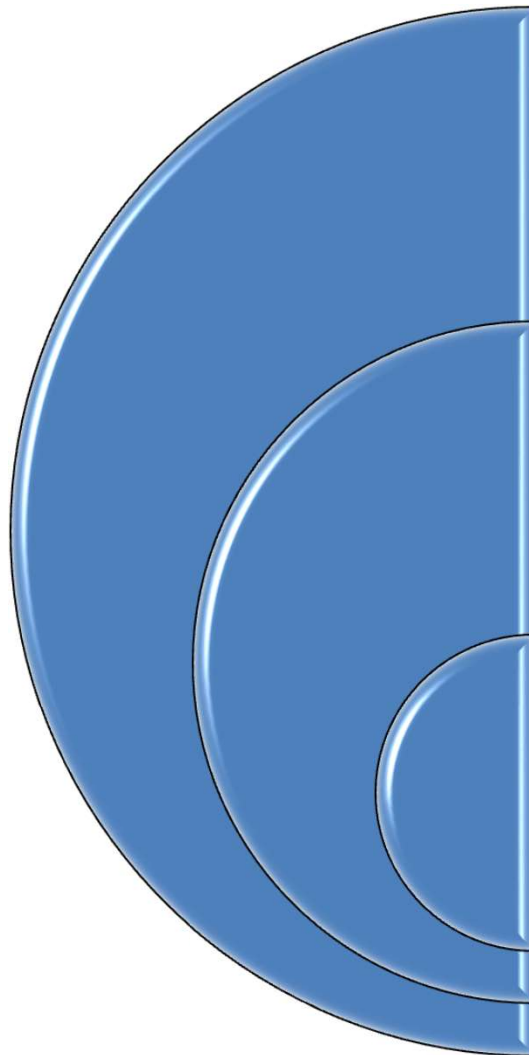

Current Status – Facts of Lad Wani Samaj

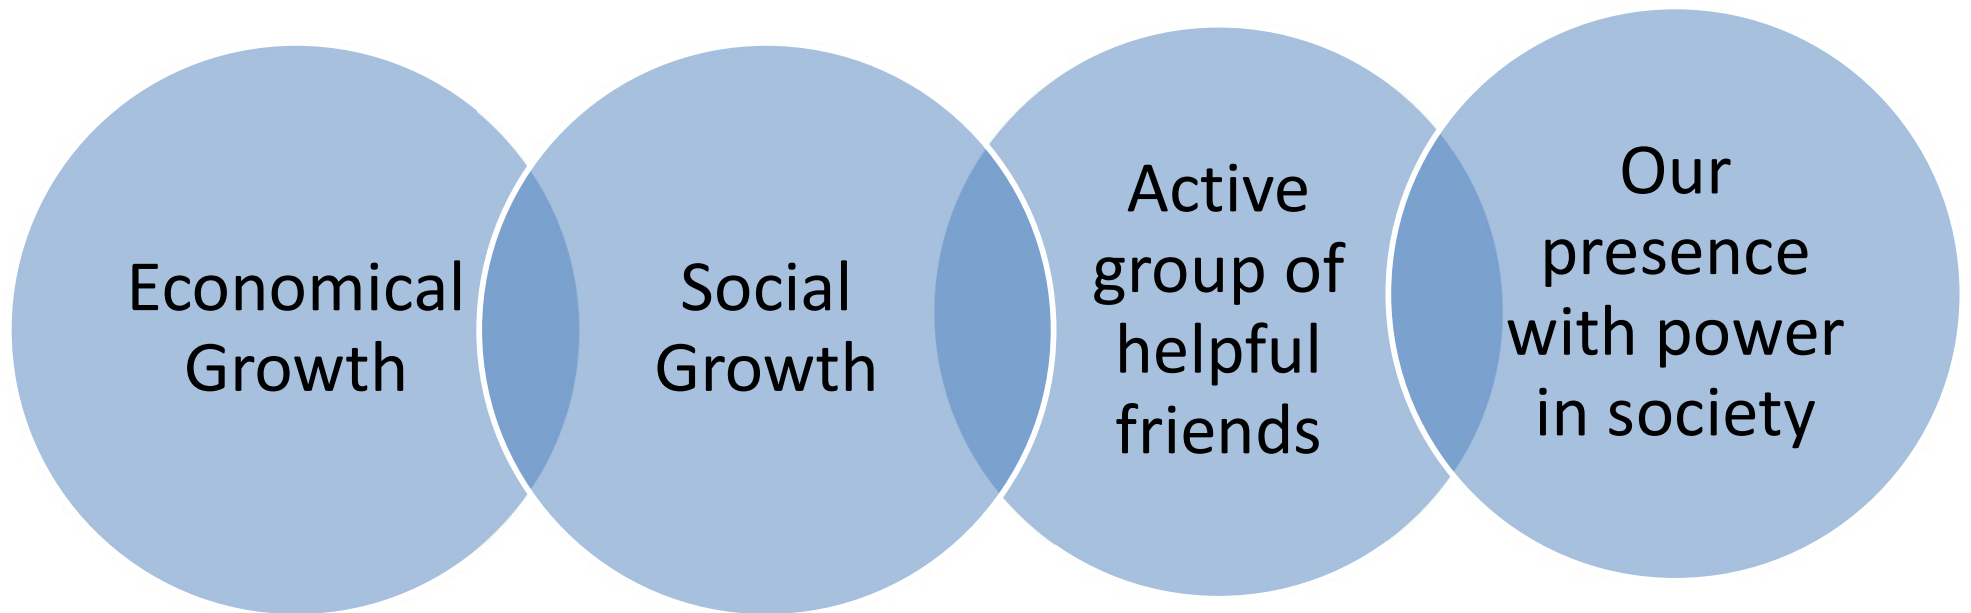

Do we have any road
map for our
cumulative growth?

If we come together
we curse each other
and our Samaj

Ekatra ya....

	Shivaji has be born in my house
	Let us define a road map for development for our Samaj
	Let us do some action

Mala kay bhetel

What to do?

Gather under one umbrella of LADWANI

- Create website and mobile app of our Samaj
- Create a centralize Samaj Mandal with tree structure
- Create a bridge between needs and resources

Plan to come together

•CREATE A SHIRSH MANDAL AND REQUEST ALL EXITING SAMAJ MANDALS TO JOIN US UNDER THE TREE

We should have tree structure of our samaj mandal like our Indian Panchayat Raj system like

- Village will be under Taluka
- Talukas will be under district
- Districts will under state gov.
- State govs will be under central gov.

•HOW TO GET UNITED

- Create a web site and start discussions in all over wani samaj about this plan
- Let all samaj bandav sgstart getting benefits
- Keep Inviting every one to join us else time is the best teacher

What to do.....and achievement

- Create Ladwani Mobile CUG
every member of this CUG will be able to talk free within group
- Create Job Portal :-
 - Any one will post a job if there is any requirement in his company (If a wani is selected he will get referral bonus)
 - Any one who is looking for job will come know about openings matching to his skill set and will be good help for him
 - one single post will send job info to many people
- Business growth
Every wani should purchase goods from wani
Let us gsin old glory as business man
in our business give benefit to our samaj
Any purchase like Kirana, Cloths, goods, stationary, real estate,
Investments let us try to give benefit to our samaj bandav

How we will achieve it?

Collect and upload / update data

- Through representatives
- Self login and registration

Create a web site with access control

- Multiple types of access will be provided
 - General informative for everyone
 - For all Wani samaj authenticated people with some limited view to available data
 - Purpose base access like matrimony, business.
 - This will provide information to all about our samaj
 - Each one will have his own access he need it
 - One will have access to his family tree
- There will be few Administrators who will grant this access and monitor the access

for both ways we need to create a 4 eye access and approval or access to users

Selection procedure for Governing body

There will
be 3 types
of
Sanchalaks

- Technical experts and SMEs from various fields with social touch total 25%
- Administrators (Sanchalak)
Elected from various low level sanchalak mandalas 60%
- Administration Fund donors not more than 15%

Directives for Governing body

1. Technical experts subject matter experts will help to grow our samaj in various aspects to benefit our samaj to make remarkable presence to each field
2. Directive (Sanchalaks) (People will give donations to be a sanchalak and will have less power)
3. Sanchalak Mandal (60% of total sanchalaks)
4. 50% sanchalaks must be below 35 to 40 of age (30% of total sanchalaks)
5. 50% will be open for every one it will be 30% of total sanchalak
6. Exiting so called Samaj Sevakas, Pudharis and Netas should come under this 30%
7. Young blood should be encouraged to be a part of this and old people should act as mentors
8. If required we can have a mentors team guiding to sanchalak

Open to all – Equal opportunity

Create open forums

- To raise issues, upgrades, enhancements
- Add and consider thoughts from Samaj on our future growth
- Add events calendar to web site for all events
- If any one want to contribute with money or man power we will show our ready ness

Funds

- **Donations, Samaj Fund**
- **Create Mobile CUG both way we will get fund from each form registration**

We can collect from end user and each successful connection we can demand from ISP
After some good number of connections we can demand for some %of total billing to be given to samaj mandal for donations from ISP

- **Collect web site fund from every one while collecting data**
- **For each and every event / Program we should ask for small fund from Programs like**

Good news :- Birth, New Job, Birthday, wedding, Sakharpuda

Sad news : deth, 12th, Varsha sharadha
